

# Records Shattered! 2633 Enrollment Greatest in State History

## Social Opener In Gymnasium

Hubba Hop Tonight  
At 8:30; Tickets  
Available at Door

Hubba Hubba Hop II comes to State tonight as the first major social event of the Spring term. The dance will feature Jimmy Wilson's 8-piece band in the college gymnasium from the hours of 8 to 12.

Phi Eta Chi, service fraternity, has sponsored the dance in an effort to bring new and old students together, according to Vin O'Leary, dance chairman. "Smooth dance music will predominate the evening's entertainment program," he said.

Tonight's program climaxes a three week publicity campaign in which hundreds of II's and 21's, posters, circulars and invitations were distributed about the campus. In addition, noon time broadcasts and an extensive ticket-selling drive were carried on in an effort to increase student interest in the informal occasion.

"In co-ordination with the mel-low music of the popular night club band of Jimmy Wilson, elaborate decorations are planned to bring a suitable atmosphere to the gymnasium," Al Benson, decoration chairman, announced today. Refreshments and professional entertainment are planned for the mid-dance intermission.

Kappa Theta, service sorority, has aided in ticket sales and will operate the check room at the dance. Tickets will continue to be sold today on the campus and at the dance tonight. Prices are 75 cents with student body card and \$1 without.

## Second Noon Rally At Midtown Feb. 27; Good Show Assured

Plans for the second noon rally of the semester to be held February 27 at the Midtown Theatre have been completed. An entertainment program has been arranged, and Morrie "Shadow" Davidson, activities commissioner, stated, "Students who enjoyed the last rally will be even more pleased with this one." He added that the balcony will be used if necessary.

Tom Hart's combo band and vocalist who have had previous engagements in San Francisco will appear. Arranger for the group is Dick Vartainain. State vocalists Eileen Christopherson and Don Michaelian will also contribute in the musical department.

### Get Your Gater Here

Copies of the college paper will be distributed each Friday from 10:15 a.m. to 1 p.m. in front of the Co-op and on the smoke porch by College Hall. Student body cards must be presented to obtain the paper.

To overcome the difficulty encountered in last week's rally, a microphone technician will be on hand. The entire rally will be rehearsed, in contrast to the first which was totally unrehearsed.

Mr. Joe Sears, manager of the Midtown Theatre, has co-operated with the student body by opening the coke and candy bar section during the rally. To show appreciation to this courtesy, it has been requested that no papers or other refuse be left on the floor.

Admission to the rally will be by student body card only. No money will be accepted.

## Late Sport Flashes ★ ★ ★

### Gator Boxers Decided by Spartans

SAN JOSE, February 20.—San Francisco State's invading boxers were turned back Wednesday night at San Jose by a top-notch Spartan Club, five decisions to two.

John Wallace, Ed Melendez, Jack Campbell and Earle Maile of the Gators all received draws. Nate Sterental, Bob Tiner and Lou Katz were outpointed in their bouts.

The Gators meet the Spartans in a return engagement at the State gym some time in March.

### Invading Spartans Dump Gator Wrestlers

STATE GYM, Feb. 20.—Before a small gathering, an invading San Jose State Spartan wrestling club defeated the Gator matmen by gaining six clean victories, drawing one and dropping two. On the winning side of the ledger for the Golden Tide were the wins turned in by John Holden and Angelo Gettes. The single draw was registered by Cliff Grey of the Gators.

# Golden Gater

Vol. 45, No. 3

SAN FRANCISCO, CALIFORNIA

Friday, Feb. 21, 1947

DANCING TONIGHT — Surrounded by the same II's that have plagued students since the opening of the semester, Beverly Bolt and John Scharetz look a trifle dazed by it all as they prepare to attend tonight's second annual Hubba Hubba Hop in the gym.

## 'Room Service' Opens 'Twelfth Night' Comes Next; Elizabethan Music to Be Introduced

To start the Spring season off with something special, the College Theatre staff has decided to produce the scintillating comedy hit, "Room Service," as the first major production of the year.

One of the most important factors in selection of "Room Service" as a major production of State's Theater was the high number of people capable of doing excellent comedy work who are now members of the drama group.

Dates for the run of this play have been set for March 20, 21, 22.

"TWELFTH NIGHT" According to Mr. J. Fenton McKenna, of the drama department, and Mr. William Knuth of the Creative Arts Division, one of the most interesting points of the second major production of the Spring semester, Shakespeare's "Twelfth Night," is the use of original Elizabethan music. The music department is already working with College Theatre to bring about complete integration.

Featured speaker at the banquet, which was established last year as an annual tri-get-together of students, faculty, and alumni, will be State Architect Anson Boyd. He will discuss, in an illustrated lecture, plans for the college occupying the new campus ground site.

Other entertainment for the evening will be provided by the creative arts division, which will present a program built around a "history of State" theme.

Reservations are limited to 450, and those wishing to attend are advised to see Mr. Leonard Ascher, who is in charge of ticket sales.

### PHI EPSILON GAMMA

Members of Phi Epsilon Gamma, honorary sorority for P. E. women majors and minors, co-operated with women's P. E. faculty members to direct more than 400 health examinations and 900 chest X-rays during registration week.

### Students Must Recover Property, Says Stone

A large amount of books, clothing, binders, rackets, other equipment and confiscated padlocks left unclaimed in lockers last semester, still remain uncollected in Room 109A, Runar Stone, superintendent of buildings and grounds, announced today.

Some texts still in use but presently unavailable at the bookstore also are unclaimed.

Student owners of the articles are asked to call for them in Stone's office as soon as possible.

### Call Out For Unused Psychology Books

Textbooks of Fredrick Ruch's "Psychology and Life" are urgently required by the Bookstore to supply swollen psychology classes resulting from the increased enrollment, according to a notice issued today by Mr. P. F. Valentine, dean of general education.

The Student Bookstore will purchase each used edition of "Psychology and Life" for \$2, beginning this Tuesday. Difficulty in obtaining the texts has been attributed to its widespread use throughout the Bay Area colleges and universities.

## Caen (In Contest Only) Cops Gander at Gator Gams

This is the story of a columnist, a couple and a cup.

It all happened at the Edgewater two weeks ago when two State students, Marilyn Stenson and Art Hedberg, found themselves enjoying an evening of dancing to the music of Buddy MacDonald.

A crowd of 500 couples was at the dance, and the promise of individual glory in this mass was the furthest thing from their minds.

About 10 p.m., orchestra leader MacDonald called for the house lights and made an announcement that changed the pattern from normal enjoyment for this couple to one of excitement and anticipation.

"We're going to have a dance contest, lovely people," said Buddy. "It's sponsored by TWA, and the best couple is going to receive a cup."

"Let's," said Marilyn. "Let's not," said Art. "It's for us," said Marilyn. "You talked me into it," said Art, and State's hero and heroine were off to buck terrific odds.

About 15 fox trots later, the Stensons were still in the running along with 10 other couples, and the pressure was assuming mammoth proportions.

"Let's have a conga line, folks," said Buddy MacDonald. "We'll choose the winners from this group!"

"Yipes," gurgled Art. "We've

## The Swinging Doors

# New Students Fill College Classes to Breaking Point; But Some Didn't Make Good

175 Students Bounced  
For Fall Grade Failures;  
33 Now Sitting on Fence

More than 175 students have been disqualified from attending State because of failure to meet the scholastic requirements of the college, Mr. John Cornelsen, dean of men, announced this week. In addition to this number, there are 33 students who have been granted probation for one term.

Reason for the disqualification, said Cornelsen, is failure of the students to maintain the minimum grade point average for their respective classes. He explained that low freshmen start out with a 0.0 or "D" average and must attain a 1.0 or "C" average before graduation.

### MAY PETITION

"This is a liberal program designed to give the student every opportunity to avail himself of the advantages of a higher education," Cornelsen stated. He and Miss Mary A. Ward, dean of women, are the representatives of the Deans' Committee handling cases of delinquent students.

Cornelsen emphasized that any student who is dissatisfied with the decision of either Miss Ward or himself should petition the Deans' Committee to reconsider his case.

Cornelsen said that an average student cannot, under any circumstances, carry on a full time job in conjunction with a full college program.

### PROBATION GRANTED

He stated that a student who has not met the standards may be granted probation for a term and if he again becomes disqualified he might be granted probation a second time if the case warrants such action. But he said that if his score in the basic aptitude test is extremely low, then "we feel very strongly that it is not in the student's best interests nor in the best interests of the college to give him a third chance." All students who are doubtful about their qualifications should not wait until the end of the semester to see either dean but should check early in the semester.

Of the number who are disqualified, 52 are veterans and 125 are non-veterans. Thirty-three of the non-veterans are men and all of the veterans are men.

Grade point average is computed thusly: Zero points for a "D", one point for each unit for a "C", two points for a "B", three points for each unit for an "A", while an "F" or an "FW" rates a minus one for each unit.

Leonard Gives Nite Class  
Scare Unless Outside  
Class Space Is Found

Registration at San Francisco State College has hit an all-time high of 2633 students, according to the latest figures released at press time by the office of Leo C. Nee, comptroller.

A check of past registration peaks by the registrar's office revealed that this is the first time in its history that State College has exceeded the 2600 mark. A pre-war high of 2417 was reached in the Spring term of 1940, but registration slumped during the war years. Fall 1946 saw the enrollment rise to an unprecedented 2508, topping all previous records, only to be exceeded in turn by this term's figure.

President J. Paul Leonard's comment on the record registration was that the college is being "stretched to the limit" in providing classroom and service facilities. He believes, however, that State may be able to handle as many as 2850 students next term provided sufficient outside classroom space can be obtained. Otherwise, there is a possibility that night classes may be initiated.

A breakdown of the 2633 figure indicates that 1532 are regular students, 984 are receiving instruction under the G. I. Bill, and 94 are limited students.

A simultaneous announcement from the student body office shows that student body membership has reached 1800.

## Board Meeting

Student Leaders  
Reduce Fee For  
Card Duplicates

An investigation of office and activity space necessary in the student union building to be constructed on the new campus was the main topic of discussion at the Board of Directors meeting held last Wednesday afternoon.

The student union building, planned for construction at a cost of about \$1,000,000, is to be built in several sections at a cost of \$200,000 each and will be so constructed as to provide for future sectional additions if the necessity arises. It will house the new cafeteria and bookstore and other rooms and offices necessary for club and organizational activities.

Other business under discussion at the meeting concerned the appointment of members at large as committee heads to maintain close contact with departmental and activity organizations, including art, music and drama departments, publications, and other various clubs in order to provide closer unity between them and the student body organization as an aid in discovering and correcting complaints and misunderstandings in board decisions.

The board also decided to charge a reissue fee of \$1.00 for the replacement of lost student body cards instead of following the former policy of requiring an additional payment of \$6.00 for a re-issue. In conjunction with this decision were plans to institute a check on student body cards when they are presented at student body affairs to prevent illegal usage.

The most successful freshman reception in State history was held in the women's gym Wednesday noon, featuring a faculty entertainment program and dancing till 2 p.m. The students met the administration, faculty, and student body officers.

## Leonard to Speak At Baptist Church

The traditional all student, all faculty get-together is to be held next Wednesday at the Baptist Church from 1:50 to 3 p.m.

President J. Paul Leonard, the principal speaker, will address the group on public relations of the college. His speech also will include student - faculty relations; what part the student and faculty play in the college program and how people develop opinions of an institution.

Entertainment will be handled by the music department, under the direction of Mr. Wm. Knuth.

Since the proportion of available jobs to the number of applicants is far too low this semester, Mrs. Alma Downey, employment office director, urges faculty members and students to report to the Placement Office any part time work open.

MARILYN STENSON

HERB CAEN

ART HEDBERG

been done in," said Marilyn. But the brave two faced the onslaught.

Coldly surveying the scene all this time was San Francisco columnist Herb Caen. He was surrounded on the judges' stand by other members of the fourth estate, a representative of Arthur Murray studios and TWA big shots. Brother, it looked bad for our hopefuls.

"It looks like a toss-up," growled Caen. "Wait, Herb," cried MacDonald, "one of the gals is down!"

"Yipes," gurgled Art. "We've

Art was valiantly attempting to help her to her feet.

"Hmmm," said Caen. "Nice gams," said MacDonald.

On went the conga line. Faster went the music. Marilyn and Art were on the end of the line. "Look out!" shouted Art. "I'm slipping," said Marilyn. Down she went for the second time.

"What grace!" cried Caen, jumping to his feet. "Never seen such poise," murmured MacDonald. "She looks like a real winner to me," cried Caen. "No doubt about

it," said Buddy.

Well, Marilyn was awarded the cup. You might think this is the end of the story, but it isn't. It seems that Marilyn and Art have a problem. One cup, two people! They've called TWA, Arthur Murray Dance studios have been consulted. A quiz went the way of Buddy MacDonald. Still no answer. One cup, two people?

Herb Caen recommends the Supreme Court.

### STUDENT OPINION DESIRED

Two weeks ago Mr. Albert C. Wollenberg, San Francisco representative to the California Legislature and chairman of the Ways and Means Committee, spoke before a group of students and faculty members at the home of President J. Paul Leonard, as principal speaker in the second of a series of monthly fireside chats.

During the discussion hour which followed his address, the question was asked, "Does writing your legislators do any good?" Wollenberg's answer was a decided "YES." The Legislature WILL heed personal letters written by students and their parents.

In March three bills will be read before the State Legislature, each of which is of the utmost importance to this college and to the City of San Francisco. The first will provide for the purchase of more land for the new campus—land which is needed if State is to accommodate the expected 1955 enrollment of 6,000 students.

The second will appropriate \$3,690,000 for the erection of additional buildings—buildings which are needed to carry on an efficient college program. The final request will authorize the establishment of a \$35,000 training center for teachers who will work with physically defective and mentally retarded children. The center will be the only one of its kind in the State of California.

The passage of these bills will affect every student and graduate of State College. With a larger campus, more buildings and a new type of training center, this college will be destined to attain a ranking scholastic and respected position among higher schools of learning in the country.

The citizens of San Francisco, particularly parents of potential college students, should exercise the rights of representative government and write to their legislators telling them how they feel about the bills now in the Legislature. A new San Francisco State College in future years will add prestige to a rapidly growing city—a city which should be proud of the school bearing its name.

This college has progressed during the past months and will continue to go forward with the support of San Franciscans and students who realize the necessity of furthering higher education. It is your right as a voter and citizen to address your San Francisco representative. Do you want a larger campus with more buildings? Let your legislators know; they want your opinions.

Individual letters from parents and students regarding these bills may be a deciding factor in the destiny of San Francisco State College.

### "Big Time" or Good Training?

Many comments have been directed at the athletic department the past year, criticizing it for not making efforts to recruit more and better athletes and for not going "big time."

These critics have apparently forgotten some points of major importance. The apex of our athletic situation at the present time rests with our plant and physical capabilities. Coach Dan Farmer says that once we move to the new campus, State's athletics are bound to forge ahead to the extent that we will be able to take on considerably stronger schools in major sports.

Another important factor is that, although State is no longer officially a teachers' college, the majority of men majoring in P. E. are after general secondary or junior high credentials with intentions of becoming coaches. It is of extreme importance that these men retain the opportunity to play and participate in as many sports as possible in training for future careers. Should we attempt to become "big time" and meet, say, San Jose State, Fresno State and others in our present condition, we could hurt the present methods of training these men.

At present our athletic department is doing considerably better than average. They will continue to do so if criticism of errors and bad streaks are tempered with an honest understanding of the problem.—M. C.

### At Last! United Effort Attained

Last week Midtown Theatre opened its doors to welcome a hoard of State student body members to perhaps the best rally ever staged in the college's history.

The two hour program was well organized and the talent displayed was exceptional. The rally reflected the united efforts of the Music Department, Drama Department and individual students who gave their all to put the thing over. United effort—its importance should not be under-emphasized.

In the past the Gater editorial columns have criticized State's lack of planning activities and lack of co-operation between students and student officers. The picture has changed. The rally presented a week ago Thursday proved that State can present a student assemblage of note. The show was good, the theater full, the audience spirited.

Activities Commissioner Morrie Davidson has shown that the "Shadow" knows how, and the student body has shown that it is ready to support the activities he has scheduled.

Editorials and features in the Golden Gater reflect the opinions of the writers. They do not necessarily represent student or university opinion. Unsigned editorials are expressions of the editor.

## OUTLAND IN

### Legislator Is New Prof Here

By CAMP-DENNIS

The appointment of George E. Outland to the faculty is a favorable sign of President Leonard's policy to build State into a well-known and respected institution. Any college would acquire a certain amount of dignity and respect with the acquisition of a professor with a reputation equal to that of Mr. Outland.

#### SERVED IN CONGRESS

Outland's latest job was United States Congressman from California's 11th district. In Congress he won a reputation as an able legislator, an excellent debater and speaker, and for his courage in fighting for legislation which he believed vital. He also has been acclaimed for his exceptional attendance record in the Halls of Congress, having cast a vote on every major issue.

#### VARIED EXPERIENCE

First elected to Congress in 1942 and re-elected in 1944. Outland brought to the nation's capitol considerable experience as an educator and sociologist. He was Director of Dennison House and Assistant Director of Hale House, both in Boston, in 1933 and 1934 and in 1935, he was Director of Neighborhood House in Los Angeles. Later he was supervisor of Boys' Welfare for the Federal Transient Service in Southern California, where he gained such experience that his book, "Boy Transiency in America," is considered the best in its field.

Outland's teaching experience also is varied and thorough. He served as director of New Haven's famed Community College for two years and was an instructor at Yale from 1935 to 1937 as well. Outland was a member of the faculty of Santa Barbara State College from 1937 to 1942, and thus is very familiar with California's school system.

(Continued on Page 4)

## BLKerings

The changing of Orientation to a non-credit class at which attendance is voluntary brings about the demise of the old Orientation text, "Learning to Live." This is tough. "Learning to Live" was an integral part of the life of every State student. For years, Staters have used it to govern their morals, conduct their relationships, heat their houses and paper their walls. It is for the benefit of those new to State that we herewith present a brief review of this important book, considering it section by section.

**I. Living in College.**—This is about the most useless part of the book, beneficial only to those who are accustomed to dropping dead in colleges.

**II. Living With Yourself.**—This can be more difficult than it sounds, especially if your feet are cold in bed.

**III. Living With Your Family.**—Does your father keep you chained to the floor? Does your mother put lye in the sugar bowl? Indeed, a sad situation. Why don't you have a heart-to-heart talk with the old dears?

**IV. Living With Others.**—Perhaps we'd better not discuss this section. It is difficult to understand how such an obscene title ever found its way into a college text.

**V. Learning to Make a Living.**—There are certain basic considerations which one must take into account before choosing a job: What is the combination of the office safe? Can anybody on the staff play bridge? Shall I accept a salary?

**VI. Living in the Community.**—Heck, all you gotta do is burn your house down.

**VII. Living in the World.**—Heck, all you gotta do is burn your community down.

# The Boiler Room

"Blow Your Top Here"

(All letters to the Boiler Room should be submitted to the Gater's letter box, on top of the east row of post boxes in Anderson Hall. They must include the writer's signature and post box number. Name withheld if requested.)

To the Editor:

Far be it from me to suggest censorship, but can't something be done to assure us that there won't be a repeat performance of the unwelcome publicity we received because a few students had the poor taste to make vulgar signs and march up and down in protest to the furniture set up at the veterans' housing?

We never make the papers for our own sporting events, formal or other collegiate affairs. Even the high schools and grammar schools receive more space. Why must we finally receive such a sensational type of publicity?

"Be proud of your college" is the motto now. How can we be when the only time the public knows it exists we must apologize profusely for the event? Steps should be taken to assure us that this will not happen again.—Barbara Mockler.

To the Editor:

Ever since I've been at State, people have been breaking their noses trying to get a drink out of the pooped-out drinking fountain on College Hall's second floor. Now I find that the beautiful drinking fountain across from 125 in Anderson Hall has gone as dry as an Econ text.

I like a drink as well as the next

person. All I am asking is a little water so I can carry on my metabolism, continue my existence, some day marry, and perhaps have children whom, I swear, I will send to State. But only if I get some water!

Maybe I'm being naive in supposing that this letter will bring any results. Or am I going to have to lug a goat skin around with me?—Pat Merrill.

We'd tell you where to get a good goat skin, but we don't carry unpaid advertisements.—Ed.

## Our Alligators Need a Home

If you had a big mouth, a pointed tail, scaly skin, and crawled around on your stomach, do you think anybody would love you? Of course not. Don't be silly!

This is exactly the problem which State's pair of alligators, at least one of which is named Oogie, is facing right now. Philo Scott, their erstwhile caretaker, has left them in the lurch, and they are now reposing in the Gater office, waiting for some kind someone to come to their rescue.

The 'gators are under a foot long, come equipped with a screen-covered glass case, and are extremely easy to care for. Interested parties are asked to show themselves at the Gater office in Hut 4. Remember to ask your mama first.

## For That Special Picture

A SPECIAL FRAME IN  
GENUINE LEATHER

We have them in any size you need and in just the color you want.

AVAILABLE IN

## The Bookstore

Stockton at O'Farrell

Telephone SUtter 1800

O'Connor, Moffatt & Company

cordially invites you to participate in a

Scholarship Contest

for the one year course at the

Tobe-Coburn School for Fashion Careers

New York City

College women, interested in a fashion career, are offered an opportunity to win a full year's tuition for the year 1947-1948 in this famous school of fashion merchandising. To qualify for entrance you must have completed at least two years of college by June, 1947, be under 30, and be able to finance living and incidental expenses for a year in New York. Employees of O'Connor, Moffatt and Co. are not eligible for the contest. The award is full tuition for the school year 1947-1948, beginning August 27, graduation May 26. The award is made on the basis of written Test Topics, and personal qualifications.

#### HOW YOU MAY COMPETE

► Secure a registration form from Dean Ward's Office in Room 121, College Hall, before February 28, or from the Tobe-Coburn Contest booth in the Junior Haven, third floor, O'Connor, Moffatt & Co., on Friday, February 28, or Saturday, March 1. Fill in the form and mail it to the Scholarship Secretary by March 1. Test Topics will then be sent. Completed entries are to be returned by March 29.

Announcement of the winner will be made approximately April 25.

## EXCHANGES

### Scraps From Other Rags

WILLIAM AND MARY

Rejoice, State girls, and be glad you don't have a Pan Hel Day (when the fellas strike back) like the one held at William and Mary College. Digging deep in their pockets for tips, cokes, dance tickets and movie admissions, the girls found out at last that a college student's allowance goes fast on dates. The jubilant males got a chance to irritate the weaker sex by combing their hair at the fountain . . . and just for fun lots of them kept the girls waiting while they put an extra shine on their shoes and added a sniff more of after-shave cologne.

#### FRESNO STATE

Snow fever ran through Fresno State students as they attended the Winter Ski Carnival held at Badger Pass, Yosemite. Starting the affair rolling was the Snow Ball, which offered not only dancing and entertainment, but neat prizes, such as skis and ski sweaters. The weather co-operated nicely, and there was a full moon.

#### SAN JOSE STATE

Technicolor underwater lights were an added attraction in last night's production of the 1947 Swim Parade held at San Jose State. A burst of thunder and a streak of lightning announced the first number and theme, "Stormy Weather." Staters interested can buzz down and see tonight's performance.

# Glissando

By CHUCK ELKIND

We just got the word about a few people who used to frequent Music Alley, to-wit: Pete Rugolo, who not only copped high honors in the Down Beat poll for arrangers, but is ringing the bell for his fine work in Stan Kenton's "Artistry in Rhythm" album. Pete was studying clefts here just before the war, when Bob Sweeney and George Fenneman were MC-ing most of State's shows. George is now a staff announcer for NBC in Hollywood and Bob teamed with another San Franciscan, Hal March, for a comic spot.

The first sessions of State's Symphonic Band produced a jam-packed rehearsal room. Jack May, our favorite flutist, speculates that there are so many men in the outfit that if they attempt the "Unfinished Symphony" there is a good chance they might finish it.

Hereabouts, we're wondering about the latest trend along Tin Pan Alley. We watched "Symphony" score last year and the parallel success this season of "Sonata." Someone could easily contribute a winning melody to go along with something called, let's say, "Octave." Here are some suggested peachy lyrics . . .

"You are my octave, with your eight delicious tones. Sometimes flat and sometimes sharp, you'll always be my Octave with a molto vivace and a hot-cha-cha!"

# Sportscripts

BY GEORGE NEWELL

**NOT QUITE DEPT.**—State almost gave birth to a new basketball team last week-end, but legalities were encountered and the whole affair fell through. This newspaper was to sponsor the team of pick-up players to be entered in the coming PAA tournament. The nucleus was made up of JIM KEATING and CARL GUSTAFSON, with such stars as BILL BURKE of St. Mary's and KEN FLOWERS, 15-year-old sensation from Lowell High, to make up part of the club. The whole affair was squashed when the membership committee of the PAA declared Keating ineligible because of his affiliation with the French A. C., and Gus because of his refereeing stints at Kezar Pavilion.

**GATOR NATIONAL CHAMPS DEPT.**—(Whiz Kids Division)—San Francisco State's basketballers are 42 points better than Illinois! This astounding information was gathered from a frustrated mathematician we encountered at Breen's libation emporium. This rugged individualist trapped us in the corner and breathed the following world shaking info: State dumped Borlos, 47-45; Borlos choked the Dons, 40-30; USF upset Santa Clara, 45-37, and Santa Clara, in turn, romped over the Cal Bears, 49-42. The Bears whipped the Illinois Whiz Kids by 15 points, so that makes San Francisco State 42 points better than Illinois! We didn't quite catch the guy's name, but we think it was Bill Stern. Amazing what that stuff will do for you!

**CHIP OFF THE SHOULDER DEPT.** (New Man Division)—The Gator basketball team picked up an aggressive character last week when ED RATHJEN, former L. I. U. freshman star, joined the club. Ed made his first appearance in the State-San Jose game as a sub for center Bill Callas. The hard-fought contest saw STU INMAN, Spartan guard, giving his all for dear old San Jose, and his actions would not have been condoned by basketball purists. Mr. Inman, not allergic to the use of the hip, knee and any other part of his large anatomy under the basket, was giving the Gators a rough time. Rathjen, obviously not impressed by Inman's size (he's a 200-pounder himself) tangled with him, and the house almost came down as the two behemoths fanned the air with mighty blows. Welcome to State, Ed. There's nothing like spirit, we say!

**SPRING PREVIEW DEPT.**—The grand old man of State track will be back this year when JOHN SHEPPARD, of sans-hair fame, puts on his spikes. Mentor RAY KAUFMAN looks for John to repeat his fine performances of last year. If John rounds into shape he may get under 15 seconds in the 120 high hurdles.

## FIGHTING GATORS

### Boxers to Clash With Gauchos Next Friday

Fistic warfare will resound with sounds, sending the gladiators to battle. Displaying aggressiveness and a goodly portion of fighting instinct, the State squad has caught the fancy of local boxing filberts. Win, lose or draw, the free-swinging Gators furnish action galore.

Boasting an impressive record, State's mittmen are regarded in high esteem in the present collegiate fistic scramble. A win over Santa Barbara will naturally elevate the Gators' pugilistic stock that much further.

## Final Hoop Series of Season!

### Golden Tide Drops Humboldt Twice; Burton, Keller Star

A sharp-shooting, fast-breaking San Francisco State quintet knocked over the Humboldt Lumberjacks in two successive contests last weekend by 63-42 and 60-57 scores.

The first contest, held at James Lick Junior High School, saw the hustling Gators jump into an immediate 18-7 first quarter lead. Captain Norm "King Kong" Keller and "Jumping" John Burton meshed a series of baskets to give the home townies a 32-22 half time edge. The period saw the Axemen, led by Bill Newman and Derrell Brown, come within six markers of the locals, but baskets by Keller, Burton, Bill Callas and Ed Rathjen clinched the contest.

**LAST SECOND WIN**  
Saturday night's affair at Kezar pictured a see-saw battle. The Gators and Axemen were tied at first quarter's culmination, 15-15, with the Gators grabbing a 34-26 lead at the half, and at the third stanza's termination, the score once more tied up, 45-45.

A scoring duel between State's Burton and the Lumberjacks' Brown and Newman ensued in the final frame. Burton swished a pair of field goals and a quartet of charities, while Newman and Brown each hit a pair of field goals.

The straw that broke Humboldt Coach Joe Forbes' back was a foul committed on Burton by Jack Moses with 45 seconds remaining. The score at that time read 57-57. Burton made good on his "gift" and Keller elected to take the cabs out and stall.

**HIGH SCORERS**  
Victory was assured when with four seconds remaining, center Ed Rathjen broke into the hole and took a pass from guard Al Rossi to counter the deciding tally.

High scorers for the series were John Burton with 32, followed closely by the losers' Brown with 31. Newman and Keller finished in that order with the former tanking 28 to the latter's 27.

### CAGERS HEAD FOR CHICO TODAY; SEEK 20th WIN

The Purple Raiders head north today to tangle with Chico's Wildcats in a two-game week-end contest. This is the final series of present cage play. It also will be the last playoff before the gigantic P. A. A. tournament, the finale of the hoop season.

### Tigers On Rampage; Down Locals, 49-39

KEZAR, Feb. 18.—Aided and abetted by a last half spurge of field goals, the College of Pacific Tigers coasted to an easy triumph over the Golden Tide in their cage contest last Tuesday night.

**TIGHT CONTEST**  
The Tigers boasted a 21-19 advantage at the half, but after seven circles of the clock in the second stanza, the Purple and Gold hoopsters once again pulled into a 28-27 bulge. However, the edge was short-lived. A charity by Tiger Center Jack Toomay knotted the count, a 20-footer by Forward Grant Dunlap forged the Bengals into the lead and a tip by Toomay and a set-up by sub forward Jerry Proulx gave the Tigers an undisputed 34-27 margin at the termination of the third frame.

Burton kept the locals in the game with several 20-foot shots, but another series of two-pointers by Dunlap, Toomay and Proulx sent the Bengals into a nine point edge.

The final few minutes saw Dunlap and Toomay match buckets with Burton and sub State Center, Bill Cummings.

**HIGH POINTERS**  
High pointers for the evening were Pacific's Grant Dunlap with 14, followed by John Toomay with 11, and State's John Burton with 10.

### GATOR SCORING

#### Burton Is Leader; Keller, Callas Next

As a result of the Pacific Game last Tuesday night, the Gator scoring race took on a new slant.

With but two games remaining, forward John John Burton appears to have nailed the individual Gator scoring crown. Burton tanked 10 Tuesday to bring his season's total to 318.

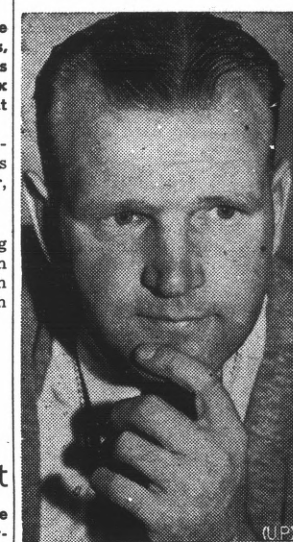

The battle for second place between Captain Norm Keller and center Bill Callas gives Keller the edge with 208 to Callas' 197. The number four spot in the tallying is occupied by forward Mel Martin with 141 markers. Guard Al Rossi brings up the fifth slot with 126 digits.

The fencing team is now being organized. All men and women interested in joining the team may contact Fencing Coach Dewey Proctor.

To date, the Gators have chalked up 18 wins in 28 starts and two victories over the Wildcats are needed to give the Raiders a neat .667 average for the year.

**DOUBLE VICTORY**  
The fast-breaking Gators dropped the Wildcats in the two previous meetings by scores of 58-38 and 48-35. In these two encounters, each held at Kezar, Norm Keller and John Burton hit 24 points apiece to bury the Wildcats. Jack Staples, Chico center, proved to be the mainstay of the visitor's attack as he potted 23 digits during the two-night stand.

Two new additions to the squad have been made recently; namely, Ed Rathjen, refugee from the East coast, and Bill Cummings. Rathjen plays either guard or center, ditto Cummings. Cummings also played for Farmer's charges earlier in the year, did a stint with the French Athletic Club and is now back on Farmer's five.

**SUCCESSFUL SEASON.**—Cage Coach Dan Farmer completes his 14th successful year of tutoring. Leads cabsamen on final road trip today.

### Midgets Battle Giants Next Week in Big Intra-Squad Contest

Some day next week the "Mighty Midgets," composed of John Burton, Mel Martin, Ray Enjaian, Dick Jaensch and Roger Fanfelle, will take on the "Overgrown Oxen," a five made up of Norm Keller, Ed Rathjen, Al Rossi, Bill Cummings and Bob Reeves. This is to be a basketball contest to be played in the gym. Watch for further announcements.

State's all-round athlete, Jim Keating, has been beaten only once in the hundred yard dash, that being by Hal Davis, once tagged as world's fastest human.

## Wrestlers Will Take On Stanford Indians Tonight

★ ★ Farm to Be Scene of Scrap

### Tennis Squad Opens Against J. C. Mar. 7

Boasting a schedule containing Santa Clara, St. Mary's, University of California, U. S. F., and many other top-notch squads the 1947 version of Farmer's tennis aggregation is busily engaged daily on the campus courts preparing for its opener against SFJC on March 7th.

With the return of many of last year's squadmen, Farmer is confident that the Gator racquetballers can punch out the necessary wins to cop the Northern California Inter-collegiate Tennis Conference championship. The last time the Purple and Gold captured the Conference Cup was in 1938.

Topping the ladder again this year is reliable Joe Woolson. Numbers two through six are Bill Holland, Gene Phillips, Meryle Ehmecke, Art Barker and Don Forbes.

Patronize Gator Advertisers.

**FRIEDMAN WINNER**  
The Spartan tussle furnished one lone victory for the Gators, as Jerry Friedman pinned his man. Holden, Gray and Carlson were decided, and Anderson, Larin and Caintic were pinned by the men from San Jose.

The Gators tangle with the Bears and Spartans in return matches, both contests to take place at State. The dates of the matches will be announced in a later edition of the Gater.

## Gator Sports

### Name Athletes Here

Among the new name athletes who have entered San Francisco State for the spring term are Vic Ramus, erstwhile football star of the San Francisco Clippers; Jess Freitas, former St. Mary's and San Francisco '49er quarterback; and Joyce McRae, third ranking woman swimmer on the Pacific Coast.

Many former school standouts have also entered Buchanan Street's portals this spring. Heading the list is Kevin Duggan, former All-City cage star for Commerce High School.

### Top Trackmen Back

Talent galore returns to San Francisco State's track team this spring. Head Track Coach Ray Kaufman announced that the following men may be seen limbering up each day out at the new campus. John Sheppard, one of the best hurdlers on the Pacific Coast, has recorded an outstanding time of 24.5 in the 220 lows; Carter Toler, Doug Minor and Hal Fox, potential 10 flat men in the century and 22 flat men in the 220; Jack Root, who is consistently throwing 42 feet in the shot and is also working hard with the discus. Other platter heavers are Art Arfsten and Don Forbes.

### OTHER STANDOUTS

Among some of the other aspiring tracksters are Charlie Parish, who has recorded top notch times in both the sprints and low hurdles, John Holden, Hank Watty and Bill Brennan are standouts in the mile and two mile events; Jack Byrne and Don Oakes in the half-mile; Earl Bowles, who is handling the broad jump, javelin and sprints, and Don Meagher, proving to be the workhorse of the squad. Meagher shows promise in being one of the top quarter milers in the school's history.

Another potential track great out for the team is Chuck Hearnston, a transfer from Louisiana State, who has done the quarter mile in 48.5, and has high jumped 6 feet 3 inches.

Rumors have it that Basketball Coach Dan Farmer will change his style of play come next cage season.

### EVEN SPLIT

#### J. V.'s Lose to Spartans; Beat Frosh 48-33

Limited to a maximum of seven men, a fatigued jayvee quintet was thoroughly bounced by an aggressive San Jose squad, 62-32, last Tuesday night at the Spartans' gym in San Jose.

Pat Murphy was high scorer for the Tide with 13, followed by Rick Ahrling's 11. Captain and coach for the evening was Tony Matulich, who deserves unending praise for a fine and tiring job.

The little ones resumed their victory streak, winning their 12th of the season against a thoroughly outplayed freshman squad by a score of 48-33 last Friday night in the Women's Gym. The "senior" cagers were never in trouble as

### J. V.'s LOSE THRILLER

A last five second setup shot by Warren Johnson, Hunts Club forward, enabled the Hunters to down the Baby Gators last Tuesday night on the Kezar decks by a 39-37 count.

The Gators, leading throughout, were overtaken in the final 45 seconds when Slat's Greenblatt potted a 30-footer for the Hunters. Rick Ahrling countered from 30-feet for State to put the home townies in front, 37-36. Johnson followed with his coup de grace to end the contest.

they jumped into a commanding 11-0 lead, and the lightweights did not find the range until Tom Hedden pushed through a charity coupled with a 30-footer, eight minutes in the first half.

The season comes to a successful finale tomorrow night against the San Benito J. C. team at Hollister. Starting time for the contest is set for 8:30 p.m.

**1316 POINTS**  
A total of 1316 points have been amassed by the State basketball team in its 25 games to date. This gives the Tide a 52 point plus average per game. Gator opponents have racked up 1216 counters for an average of 48 digits per game.

# State's 'Families' Move In

"Operation Backwoods," more specifically the mass migration of State's married vets to dormitories on the new campus, began with a flourish early this month as the housing units were finally opened for occupation.

The 84-unit "village" was transformed in three short weeks from an accumulation of bare-walled, empty-roomed structures into a homelike and neighborly little community. The transformation, still in process, was accomplished by some 60 couples and their children who have made the new campus a place to hang their hat and relax.

## VETS IN DORMITORIES

The families, some of which were settling themselves down in their first "permanent" home, accustomed themselves to the routine of life in the country and became aware of the various conveniences and inconveniences involved in "backwoods living."

Generally, gripes were made in a light-hearted manner and concerned local inconveniences such as broken locks, stubborn plumbing, or the walls and floors which somehow lead themselves peculiarly to the transmission of sound. The most notorious gripe to date was the "twin bed scandal" which, though meant in a tongue-in-cheek attitude, caused an undesired uproar.

## LEGITIMATE MOAN

There were, however, a few legitimate moans, based primarily on the isolation of the dormitories. Occupants without cars were, and

Dick McClure, outgoing president of Phi Eta Chi, and his wife, June, are relaxing on the living room couch of their new home at San Francisco State's housing project on the new campus.

still are, faced with a problem in transportation to and from "the city." Streetcar time down town is nearly a half hour, plus a 10-minute walk to the carline. One suggestion under consideration is to run the school bus for car-less "commuters" twice each morning for 8 and 10 o'clock classes.

Saturday night-owls also complain that "M" bus service stops at

however, the roads will have been paved by February 19.

Life on the new campus isn't all gripe and groan, though. Isolation can be a boon as well as an annoyance. The freedom from automobile horns and rumbling streetcars is generally agreed to be well worth the 10-minute walk. The scenery, too, is considered as being something worthwhile. Although the campus isn't situated by the most beautiful part of Lake Merced, Staters are anxiously awaiting the summer day when the ever-present clouds disintegrate in anticipation of the picturesque view.

## CO-OPERATIVE SUGGESTED

Also, there's talk about starting a co-operative store to make the little town even more self-sufficient. Service now includes the delivery of ice and milk and fresh water from the ski's daily.

Probably the most enjoyable aspect is the friendly atmosphere which inevitably surrounds such a group of students living together. No outsiders, all insiders—everyone knows his neighbors, and the evenings, more often than not, are spent in someone else's apartment.

Only three-fourths of the units have been occupied to date. Another three weeks should see the housing completed, the roads paved, the lawns begun, and the weather clearing. All in all, to State's first "resident students" the setup looks pretty good.

At present there are approximately 20 vacancies in the project. Married veterans should apply at the office of the dean of men, Room 106, College Hall.

## Clubs Must Pledge \$15.00 For Page In Franciscan Now

Organizations planning to be represented in the Franciscan this semester must have their written guarantee of \$15 submitted in Hut 4, publications office, or P. O. Box 1450 by noon of February 28. No money will be accepted at present, and organizations will be billed through the student body office, Eta Bucholtz, editor of the Franciscan, announced last Tuesday.

Any candid pictures of students that could be used in the annual should be left in Hut 4 as soon as possible. Those selected will be returned later, and \$1 will be paid for their use. Candid pictures must be at least 4 by 5 inches and enclosed in a folder or envelope. People in the pictures are to be identified.

The following is a schedule for organization pictures:

Monday, February 24, Gamma Sigma Pi, Phi Lambda Chi and Delta Phi Upsilon; Tuesday, February 25, Phi Eta Chi, Kappa Delta Pi and Phi Epsilon Mu; Thursday, February 26, Alpha Chi Epsilon, Art Fed and Phi Epsilon Gamma, and Friday, February 27, Sigma Phi Sigma and Kappa Theta.

## NBC to Sponsor Essay Contest

A contest promoting United Nations training in Canada and America will be sponsored by National Broadcasting Company's University of the Air through the Magazine Digest.

Applications may be obtained in the education department and must be returned with the signature of a faculty member before March 15. Manuscripts not exceeding 2,000 words entitled "The Teacher and the United Nations" should be mailed to 68 Post Street, San Francisco, before April 15.

Cash awards and subscriptions to Magazine Digest will be presented to the winners.

Patronize Gater advertisers.

## Outland Received Wide Experience

(Continued from Page 2)

Outland graduated from Whitier College, receiving his bachelor's degree in 1928. He received his master's degree at Harvard in 1930 and his Ph.D. from Yale in 1937.

Outland's combined experience as an educator, welfare worker, sociologist, public speaker and legislator gives something very rare among college professors—practical experience. State is indeed proud—and lucky—to get such a proven, able man on its staff.

## Student Board Members Assigned Specific Fields

In order to streamline student functions, each member at large of the student board of directors has been assigned to specific areas of the campus to take care of student gripes and suggestions. President Izzie Pivnick announced at the board meeting last Wednesday night.

Assigned to cover music is Elmer Larsen; enterprises, Pat Healy; drama, Marge Shearer; clubs, Art Blum; classes, Scott Hope; publications and health, Marne Camp, and art, Arlie Fowlkes.

## STUDENT UNION

Students with plans or suggestions for a building on the new campus which would house a student union should submit them to Don Burch, student body office, by Monday noon.

Under the direction of Art Hedberg, chairman of the theatre entertainment pool, members of the drama department enjoyed a week-end ski trip to Canyon End.

## What's Doing in the Clubs

### PHI ETA CHI

Election of officers, dance plans and semester activities were accomplished at the first Spring semester meeting of Phi Eta Chi, men's service fraternity, last Sunday at the "Rock."

Newly elected officers are Hal Juster, president; Vince Amendola, vice president; Riley Barker, recording secretary; Harry Karpielow, corresponding secretary; Dick Belmont, treasurer; Earl Moore, custodian. Marne Camp, Dick McClure and Vin O'Leary were elected representatives.

Final arrangements were made for tonight's Hubba Hubba Hop, and tentative plans were made for future semester activities, including a student forum.

### BETA PI SIGMA

A business meeting was held by Beta Pi Sigma, science club, last Tuesday to discuss complete plans for the semester. Mr. Stanley W. Morse is sponsor of the club, and the officers are Roger Busquet, president; Henry Hayes, vice president; Cecil Levin, secretary, and Al Faralla, treasurer. Membership in the club is open to science majors and minors and anyone interested in science.

### SIGMA PI SIGMA

A meeting of Sigma Pi Sigma, men's service fraternity, will be held Sunday, March 2, from 2 to 8 p.m. at the home of John Pichoto, '42, to form an alumni association of the fraternity. Many alumni members will attend, according to Al Barros, '42, acting chairman of the group.

### ALPHA PSI OMEGA

Members of Alpha Psi Omega, national honorary dramatic fraternity, elected officers for the Spring semester at a recent meeting. The new president is Ken-

neth Phinney, who replaces Dorothy Menzel. Allan Hummel was elected vice president, Catherine McGovern, secretary; Joseph Franklin, treasurer, and Arlie Fowlkes, historian.

### CHRISTIAN AGATHEANS

Forthcoming activities of the Christian Agathean group include a meeting next Wednesday noon in Room 209 with the Rev. Kenneth Boyd, assistant pastor of the Park Boulevard Presbyterian Church of Oakland, speaker. On Friday the regular scheduled Bible study under direction of Mr. John Pearson is to be held from 12 to 1 p.m.

### STUDENT CHRISTIAN ASSN.

A reception will be held to greet new members of the SCA next Tuesday at 1 p.m. in the Activities Room. The organization is a non-sectarian Protestant organization with membership open, however, to all members of the student body. Dr. Alfred Fisk, professor of philosophy, is sponsor of the group, and Ruth Adamson is president. Aim of the organization is to promote Christian ideals with special emphasis on inter-racial solidarity.

### PAN AMERICAN LEAGUE

Numerous Central and Latin American students now attending State are joining the Pan American League, according to President Art Blum. The purpose of last Wednesday's Latin American tea concert and meeting was to provide entertainment for old and new members and foster a neighborly feeling among students.

### GAMMA SIGMA PI

In observance of Jewish Brotherhood Week, Gamma Sigma Pi, humanities fraternity, will hear a discussion of the Palestine question today in Annex A6 from 12 to 1.

## Student Leaders, Organizations Start WSSF Drive Here

Plans for the opening of the World Student Service Fund Drive were made at meetings of campus leaders last Tuesday and yesterday. Dr. Alfred Fisk is faculty head and sponsor of the drive, and the student chairmen are Marne Camp, Richard Leland and Millard Morganstern. The WSSF drive is an annual function and is participated in by most colleges and universities in the United States. The aim of the drive is to get contributions for students abroad who have no books or teachers, and to buy food and clothing for destitute students. The money is used in countries which were overrun by the war machines.

Organizations aiding in the drive include the Student Christian Association, Free World Club, International Relations Club, Phi Eta Chi and the Newman Club.

## Veterans Notified To Finish Forms

Thirteen student veterans have failed to complete their letters of eligibility, according to Mr. Frank Pursel, State's VA representative. These include Charles H. Steffrd, Audrey P. Williams, Chadwick G. Reade, Ross E. Clark, William F. McCluskey, Frank T. Carrera, Douglas L. De Cew, Louis H. O'Leary, Richard Vartanian, Arthur Volonte Jr., Charles Telford, Clara C. Smith, and Quentin C. Siemer.

All married veterans who have not turned in their abstracts to Mr. Pursel should do so at once.

It is important that vets under the G. I. Bill or Public Law 16 read the bulletin board outside Room 119C. They will be held responsible for all material there posted.
